

Product Description

A tip kit selection supplied in a sturdy presentation box. Includes 145 assorted tips with removable top tray. Tip types include TE general purpose 0.5" in gauge sizes 14 to 32, angled bend 45° and 90° precision tips in gauge sizes 14 to 27, tapered tips in gauge sizes 14 to 27 and tip cap seals. This kit provides a useful method of finding the most suitable tip for your application.

Typical Applications

Use these precision tips for dispensing most adhesives, gels, pastes, epoxies, RTVs, silicones, sealants, compounds, solder pastes, solvents, inks, activators, primers and chemicals. The colour coded hubs offer UV filter protection for UV cure adhesives. Tapered tips are suited to dispensing high viscosity pastes and gels.

Color	Gauge	I.D. (inches)	I.D. (mm)
Olive	14	0.063	1.600
Amber	15	0.054	1.371
Green	18	0.033	0.838
Pink	20	0.024	0.610
Purple	21	0.020	0.508
Blue	22	0.016	0.406
Orange	23	0.013	0.330
Red	25	0.010	0.254
Clear	27	0.008	0.203
Lavender	30	0.006	0.152
Yellow	32	0.004	0.102

The data, information and values contained in this Technical Data Sheet have been obtained by specific tests conducted in a controlled environment, and should be used for guidance purposes only. Although we believe them to be reliable and accurate, users should always conduct their own tests in their specific working conditions to ensure that the product is suitable and effective for use. It is the user's sole responsibility to determine the suitability of the product for the application. Adhesive Dispensing Ltd cannot be held responsible for the results of procedures undertaken elsewhere, nor for the safeguarding of personnel or property, all of which is the duty of the user. Suitability of products or methods is discretionary. Therefore, warranties or implied usage obligations should not be attributed to, and are not the responsibility of, Adhesive Dispensing Ltd. Adhesive Dispensing Ltd are not liable for any financial loss or other damages incurred by the user as a result of the use of this product. Product dimensions and design are approximate and could be subject to change, without notice.

Packaging

Tip kits are sealed cases. All tips contained in the kit are available in boxes of 50. Bulk packs of 1000 are also available.

Pricing and Lead Times

Tips are competitively priced whether supplied in a single box of 50 or in bulk packs. We hold extensive stocks and can usually ship for next day deliveries.

Health & Safety in Use

Dispensing tips are safe and hygienic. Plastics used are silicone free and components can be used up to 100 psi fluid pressures. Optional tip covers are also available for finer bore needle tips.

Benefits

- Burr free stainless steel shafts on TE tips
- Safe to use up to 100 psi
- Silicone free plastics
- Double helix locking hubs
- Smooth flow tapered tips for pastes
- Angled tips for precision dispensing
- Compact case with instruction guide
- Available from stock

Guarantee

All of our dispensing tips are manufactured to the highest quality and are guaranteed against product failure or defect.

Dispensing Systems

We offer a full range of dispensing systems for the controlled application of most single and two part adhesives, pastes and assembly fluids. Systems range from hand held bottles, manual syringes, hand guns, timed dispensers, high speed valves and bench top robot dispensers.

Please contact us for more information on dispensers and a copy of our product CD-ROM.
